

**Explore Madagascar Expedition:
Dubai International Academy Emirates Hills
Friday 25th April – Friday 2nd May**

Your Itinerary

Embark on an unforgettable expedition to Madagascar, where you'll experience the rich culture and biodiversity of this incredible island. Spot the iconic lemurs and visit a traditional fishing village, immersing yourself in the daily life of the Betsimisaraka people and witnessing their deep connection to the land and sea.

Safety

Safety is undoubtedly the most important part of your child's trip, and something we take very seriously. Every member of our team is dedicated to giving your son or daughter the best experience whilst prioritising their safety throughout.

Unlike most expedition companies, we own or manage our ground operation in the countries we operate, which means we can provide your child with an unparalleled level of safety and support on expedition. We have British directors overseeing every region. Our Operations teams are permanently based on location, so we are always on hand to deal with and prevent any incidents rather than react from afar. Our operations rooms are staffed 24/7 with live communications to all our camps, teams and our supporting network including hospitals.

We are proud to uphold the highest standards of quality and safety, as demonstrated by our BS8848 British standard accreditation and our Learning Outside the Classroom badge. This is your assurance that we have tried and tested systems in place to ensure your child's safety during their time with us.
