

DUBAI INTERNATIONAL ACADEMY
DREAM  INSPIRE  ACHIEVE

Sports and Co-curricular Activities (CCAs) An Information Leaflet for Parents

DIA is proud of its commitment to and success in sports in the Secondary School. The competitive sports programme is prolific and there are opportunities in a very wide range of disciplines. There is a dedicated website <http://www.diadubaisport.com/> which is regularly updated with the upcoming fixtures, results, photographs and much more.

The Sports Department strives to have its athletes reach their full potential in all areas of the sports experience academically, socially, and through competitions. As your child becomes involved in the sports program at DIA, they will experience some of the most rewarding moments in their life. Student athletes are striving to succeed in two demanding areas simultaneously- academics and sports. Student athletes have the responsibility of developing and working toward an educational goal as well as training in their sport. A list of all of the competitive sports league in which our students compete can be found on the website: <http://diadubai.com/student-life/secondary-school/sports/leagues/>

Dubai International Academy offers a variety of Co-Curricular Activities (CCAs) for students. A selection of activities from art, reading club, musical instruments, drama, organised sport activities, karate, computer courses, science clubs, photography and others are offered in a supervised setting. As part of our commitment to our international student population, we promote, where possible, native language instruction after school hours for our student and parent community so as to provide opportunities for students to maintain and develop their respective cultures.

There are a variety of paid CCAs as well as a whole host of free sessions run by our own teachers. All of these activities run alongside coaching for the competitive sports programme as well as sports for skills development and pleasure.

We do ask that once your child has chosen a CCA, he/she commits to regular attendance and participation for the duration of the cycle. An indication of their progress and participation in their CCA will be included in the school report.

Mr. Mihail Kouzev mihaik@diadubai.com is our Director of Sports and has overall responsibility for all aspects of use of Sports and CCAs.
